INCOMPLETE SEARCH
SHEET C

Application Number

EP 04 79 6647

Claim(s) searched completely:
10-13

Claim(s) searched incompletely:
1-9, 14-30

Reason for the limitation of the search:

The present claims 1-9, 14-30 relate to an extremely large number of possible compounds/pharmaceutical composition/use. Support and disclosure in the sense of Article 84 and 83 EPC is to be found however for only a very small proportion of the compounds/pharmaceutical composition/use claimed, see the examples. The non-compliance with the substantive provisions is to such an extent, that a meaningful search of the whole claimed subject-matter of the claim could not be carried out (Rule 63 EPC and Guidelines B-VIII, 3). The extent of the search was consequently limited.

The search of claims 1-9, 14-30 was restricted to those claimed compounds/pharmaceutical composition/use which appear to be supported and a generalisation of their structural formula, wherein Ar1 is an optionally substituted phenyl group, Y is a C3 - C8 cycloalkyl group and Z, Ar2, R1, R2, R3, R4 and R5 having the meanings described in claim 1.
